

Are you looking for a rewarding job?

EDGE CAN HELP YOU!

If you receive SNAP, you have the chance to participate in EDGE, a new program that provides you with:

- Free education and training
- Paid employment
- Transportation benefits
- Barrier mitigation services
- Expert guidance
- Job Retention Services

HOW TO GET STARTED:

1. Call your SNAP office to find out more.
2. Attend an EDGE information session.
3. Call an EDGE Career Navigator at the Community College near you or the Jobs for Mississippi Graduates (phone numbers shown below).

Participating in EDGE won't affect your SNAP benefits.

To learn more, visit your local MDHS office.
